

Lakeside County Water and Sewer District would like to congratulate District Secretary Beth Dotson for her retirement on October 28th! Beth has been the District Secretary for 10 years. During that time she has had made many great contributions to the District. She even won the highly coveted 2019 Clerk of the Year award with Montana Rural Water!

She will continue to work a couple days a week on special projects for the district for another year- so if you cant make it to celebrate her years of service with us on the 28th of October from noon until 2- you may be able to catch her at the office another time.

Congratulations Beth ~ You will be greatly missed. All the best wishes as you begin your new chapter 😊
